1. Introduction

Thank you for purchasing the 48ft Waterproof String Lights. Please read all instructions carefully before using and retain this manual for future reference.

Safety Rules

- 1 Please follow the rules depicted in this manual closely to ensure your safety. Before using the product, we would strongly encourage you to read through this user manual.
- 2 Be wary of any edges, uneven surfaces, metal parts, accessories and its packaging to prevent any possible injury or damage.
- 3 Do not modify, repair or dismantle the product. Doing so may result in fire, electric shock, complete breakdown of the product, etc. All of which are not covered under warranty.
- 4 Do not use any diluent or volatile liquid to clean the product.
- 5 Do not use the product in a hazardous location.

2. Package Contents

ETL

4. Directions

Hang 48ft string light
Install 15w bulbs
Plug into any GFCI approved wall socket
When hanging do not staple or nail wire to surface.
Use the 15 hanging sockets rings to hang string light.

5. Steps for Usage:

1. Replace with same type 15W max bulb
2. This all-year use product is not intended for permanent installation or use.
3. Do not mount or place near gas or electric heaters, fireplace, candles or other similar sources of heat.
4. Do not secure the wiring of the product with staples or nails, or place on sharp hooks or nails.
5. Do not let lamps rest on the supply cord or on any wire.
6. Unplug the product when leaving the house, when retiring for the night, or if left unattended.
7. This is an electric product-not a toy! To avoid risk of fire, burns, personal injury and electric shock it should not be played with or placed where small children can reach it.
8. Do not use this product for other than its intended use.
9. Do not hang ornaments or other objects from cord, wire, or light string.
10. Do not close doors or windows on the product or extension cords as this may damage the wire insulation.
11. Do not cover the product with cloth, paper or any material not part of the product when in use.

5. Steps for Usage:

12. This product has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not use with an extension cord unless plug can be fully inserted. Do not alter or replace the plug.
13. This product employs overload protection (fuse). A blown fuse indicates an overload or short-circuit situation. If the fuse blows, unplug the product from the outlet. Also unplug any additional strings or products that may be attached to the product. Replace the fuse as per the user servicing instructions (follow product marking for proper fuse rating) and check the product. If the replacement fuse blows, a short-circuit may be present and the product should be discarded.

6. Caution

1. Replace with same type 15W max bulb.
2. To reduce the risk of fire and electric shock: A) Do not install on trees having needles, leaves or branch coverings of metal or materials which look like metal, & B) Do not mount or support strings in a manner that can cut or damage wire insulation.
3. Risk of fire. Keep lamps away from any combustible surface.

Support

If you have problems with your device, please consult the instructions in this manual.
